Matrix Biosciences Private Limited is an ISO: 9001 certified company and a part of the Hyderabad based Matrix group of companies. Matrix Biosciences, formerly called Matrix Feeds and Chemicals Private Limited was established with the objective of providing innovative nutritional solutions in the areas of veterinary and human medicine that provide distinctive advantages as against use of chemical products. Group has interests in veterinary vaccines and feed, bio-fertilizers, bio-pesticides, chemical pesticides, micro-nutrients, Bio-ethanol and infrastructure.

Global Research partnerships with a number of premier organizations including Center of Cellular & Micro Biology (CCMB), International Crops Research Institute for the Semi-Arid Tropics (ICRISAT), University of Agricultural Services (UAS) and National Research Development Corporation (NRDC) etc. Only known company to have aggressively pursued promoting herbal range of products for use by farmers for pest control, growth stimulant and micro nutrient purposes. The company’s new product concepts focuses on the ability to control pests by stalling their resistance building capabilities – a unique benefit against use of chemicals.
